

## TECHNICAL EXHIBIT 7-4

### SHUTTLE BUS SCHEDULE

The contractor shall provide drivers for the Government supplied (GSA leased) shuttle buses to run the shuttle bus routes indicated below as the Red Route and the Blue Route. Buses will arrive at the buildings as indicated on the schedules. The first bus route will run continuously from 0430 through 2236. The second bus route will run continuously from 0530 through 0040. Both buses will perform combined base and airport shuttle services with each bus being designated either "Inbound" or "Outbound."

Each driver will change the bus designation sign to "Outbound" and "Inbound" at building S-9. Contractor shall furnish and install government approved signs and associated sign equipment on both sides of the bus. Each of the two bus signs shall be of a different color; for instance "red" for one and "blue" for the other with both having the same generic NSA shuttle information.

The contractor shall provide drivers for the government supplied (GSA leased) shuttle buses to run the service between Naval Support Activity Mid-South and the Memphis International Airport (MIA) seven days per week according to the following schedules. The bus drivers shall assist in loading and unloading all luggage from the bus storage to the street curb and provide contractor furnished copies of the bus schedules upon request.
